September 25th 2026

Objective: SRTT 16" (F2493 and F3611) – Ageing extension until June 2027

Dear SRTT customers,

We would like to inform you that we will extend temporary the maximum ageing before delivery to customers from 18 to 24 months for both references below:

Description (ASTM Code)	Product Code CAI / MSPN
P225/60R16 97S (C1-ASTM F2493)	207280 / 83754
P225/60R16 97S DT (C1 Low Tread Depth-ASTM F3611)	924530 / 37030

Tires performances remain conform as they are stored between 0 and 5°C before delivery, which is more restrictive than the storage conditions defined in the standard.

This extension is valid until June 2027.

We remain available for any additional information.

Sincerely,

C. METOT, Michelin Quality Director for SRTT products
